Hill Directory Company, Publishers

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Reidsville Directory since 1959), present to subscribers and the general public, this, the 1971 edition of the Reidsville City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Reidsville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Reidsville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Reidsville Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Reidsville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Reidsville, and the name, official personnel, nature and address of each firm and corporation in the city.

802818

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Reidsville and vicinity.

The Reidsville Out-of-Town City Directory Library

Through the courtesy of the publishers of the Reidsville City Directory, a Directory Library is maintained in the offices of the Reidsville Chamber of Commerce, for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

REIDSVILLE

(Courtesy Reidsville Chamber of Commerce)

HISTORICAL

Reidsville was conceived and planned by a sturdy group of ambitious and determined people. The City grew out of a settlement begun in 1815 when Reuben Reid settled on the farm which later became the site of the village of Reidsville. The town, incorporated in 1873, was named in honor of Reuben Reid's son, David, Governor of North Carolina in 1851. Reidsville is located in Rockingham County. Rockingham County has the distinction of being the only county in the state that furnished six governors: Alexander Martin served in 1783, 1784 and 1790; John Motley Morehead served in 1842; David Settle Reid served in 1850-52; and Alfred M. Scales served 1886. Robert Broadnax Glenn served in 1904 and Luther Hodges, serving from 1953-1960.

● The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Do Not Lend Your
CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing in order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS
and ZIP CODES

1971

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceded by the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- 1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- 2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- 3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- 4** A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5** A *Statistical and Historical Story* of your city plus miscellaneous other information.

Use Our Library of

**OUT-OF-TOWN
CITY DIRECTORIES**

A complete library of out - of - town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

CONSULTATIONS OR CIRCULATION
CONSULTED

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.
